BOY BURGLARS STEAL \$42.00

Clarence Dull and Augustus Fleschman, Two Gettysburg Boys Take Sum of Money from Stallsmith Store at Granite.

Two Gettysburg youths went forth Monday afternoon to see something of the world and before evening were lodged in the county jail charged with burglarizing the warehouse of John A. Stallsmith at Granite station. The young prisoners are Clarence Dull, son of Edward Dull, of this place, and Augustus Fleschman, son of Mrs. Fleschman, of South Washington street.

Dull was wanted at August term of Court on a larceny charge but failed to put in an appearance. Monday morning he and Fleschman started out on a walking trip down the Western Maryland. When they reached Granite they found easy access to about \$4.00 in cash at the warehouse of John A. Stallsmith who had left the place for a few minutes. They had talked with him a few minutes and he had no trouble identifying the boys later on.

Mr. Stallsmith soon discovered what had happened and notified Constable Wilson. He was detained at Court and sent Constable Morrison in search of the wandering youths. The boys went from Granite to Guldens where they stopped at Mr. Dutter's store to buy some crackers. From there they walked to Brush Run where they boarded the three o'clock passenger train, paying their fare to Baltimore. Conductor Maurath was on the lookout for the boys and when the train reached Hanover Officer Kiser took them in charge later bringing them to Gettysburg where they were turned over to Sheriff Fissel.

The boys had \$38.00 on them when captured, having spent some of the money on provisions and for car fare.

At a hearing given the boys this morning before Squire Hill both pleaded guilty. It was brought out that Dull, who is 17 years of age, reached in through a hole in the window and took the money from a cigar box which was in a drawer. Later he gave Fleschman \$19 who is only 15 years old. The boys will be sentenced on Saturday. Dull has been in trouble before, while this is the other boy's first offense.

BURGLARS CAPTURED

Western Maryland Detective Charles H. Wilson on Monday evening and this morning made three arrests of men supposed to be implicated in a burglary which took place at Buena Vista on Sunday. The men escaped to this place by trains and Mr. Wilson being notified to be on the lookout for the men, soon had them in charge. The men are Harry Small, Charles Fissel and Joseph Harrison. A fourth man is wanted. Detective Burnett of the Western Maryland came on and will take the men back to Maryland.

PICNIC

A joint picnic was held Monday by the C. G. N. and the N. G. C. at Herter's Dam, refreshments being served by the young men of the camp. The Jolly Rodger was pressed into service for a delightful outing on the dam. Those present were Misses Flo Blocher, Sarah and Ruth Bigham, Marian Sheely, Marian Blocher, Mary Sheads, of Gettysburg, Miss Mildred Buttrick, of Harrisburg; Messrs. Fred Troxell, Clyde Bream, Fred English, Otto Thomas, Earle Diehl Robert, Blocher and Harold Spangler.

CURTISS SETS SPEED MARK

**American Aviator Goes 6.15 Miles
in 8 Min., 32 2-5 Sec.**

AFTER OTHER BIG PRIZES

Daring American Thrills Crowds at
Rheims With His Powerful Mono-
plane—Paulham Establishes High
Mark For Endurance Test.

Rheims, France, Aug. 24.—Glenn H.
Curtiss, the American aviator, and M.
Paulham, representing France, divided
the honors of the second day of avia-
tion week, the former with a thrilling
flight in which he lowered the speed
record flight for the course, which
measures 6 1-5 miles, to 8 minutes
35 2-5 seconds, in the latter making
two impressive high altitude flights of
49 1-2 and 56 kilometres respectively in
the endurance test for the Prix de la
Champagne.

Curtiss' performance began just as
the time limit for the start of the
Prix de la Champagne was expiring,
when the American enthusiasts had
abandoned hope of seeing their repre-
sentative take the field. Amid the un-
bounded jubilation of the French spec-
tators, Blierot only a few minutes be-
fore had clipped 16 seconds off Le-
febre's record with his powerful
eighty-horse power monoplane. Sudden-
ly at one end of the field the cry
went up: "The American is starting."
All eyes were strained to that particu-
lar point, where Curtiss' Field
Bishop, president of the Aero Club of
America, and a crowd of other admir-
ers surrounded Curtiss.

With a preliminary run along the
ground of 100 yards, the machine rose
lightly and shot by the tribunes at a
height of sixty feet. It was going at a
terrific pace, with the wing level as a
plain. Curtiss made the last turn un-
der the mistaken impression that the
finish line was closer. He descended
so close to earth that many thought
he touched, but, perceiving his error,
he mounted quickly and easily, cross-
ing the line majestically. An instant
later the signal was hoisted that he
had made a record.

Curtiss said that he had not pushed
his machine to the limit of its speed,
and laughingly declined to say more,
adding that the most interesting in-
cident of his flight was the view he got
of his fallen rivals strewn around the
course.

It is the intention of the American
aviator now to await patiently the in-
ternational event for the Gordon-
Bennett cup Saturday, for which he is
again the favorite, after which he will
try for the Prix de la Vitesse, the final
of which will be contested on Sunday.

JEROME SEEKS RE-ELECTION

New York District Attorney Issues a
Statement.

New York, Aug. 24.—District At-
torney William Travers Jerome announced
that he will be a candidate for re-
election this fall, running independ-
ently. In a brief statement he says:
"I have been considering whether I
should seek re-election and I felt that
I should not be guided by personal in-
terest, but by the decision of whether
a majority of the electors desire that
I should further serve them in this
position. But as I know of no way in
which I can ascertain this except by
offering myself as a candidate, I have
decided to seek again a nomination by
petition."

Friends of Mr. Jerome will at once
start the petition for placing his name
on the official ballot. Two thousand
signatures are required by law.

STOY DEFIES REFORMERS

Atlantic City Mayor Ignores Order to
Close Saloons on Sunday.

Atlantic City, Aug. 24.—Interest in
the reform movement in this city was
intensified when Mayor F. P. Stoy offi-
cially refused to receive a notice from
Attorney General Wilson ordering him
to close Atlantic City saloons on Sun-
day. The notice was served upon him
in his office by David Johnson, a mem-
ber of the reformers' organization. The
mayor declared that he knew the con-
tents of the notice, which gives the
names and addresses of thirty-eight
saloon and hotel proprietors who are
alleged to have sold liquor on three
Sundays of the present month, but he
refused to accept service even after the
paper and the signature of the at-
torney general were read to him.

Under the state law the refusal to
act within ten days on an order issued
by the attorney general makes a city
official liable to indictment for a mis-
demeanor.

Attorney General Wilson's action
follows an appeal made to him in
Trenton by the reformers, who have
secured his cooperation in the at-
tempt to close the saloons here on
Sunday.

SUMMER-DIARRHEA CURE FREE

There are few troubles about which the sufferer is given more bad advice
than summer diarrhea, or "running off of the bowels." Your friends will probably
tell you to take Jamaica ginger, a mixture of laudanum or some other astringent
remedy. These are the very things you should not take. Summer diarrhea is
caused by catching cold in the stomach or bowels or because of some unfit food or
water that you took. These were germ-laden, and the germs got into the bowels
and irritated them. The thing to do is to take a reliable antiseptic laxative

like **DR. CALDWELL'S SYRUP**
PEPSIN, which will promptly remove
the germs and tone and strengthen the
stomach and bowels and thus give them
a new start. Young and old can use it
with equal effect. Thousands of American
families keep it constantly in the house
for just such digestive troubles as sum-
mer complaint, indigestion, biliousness,
constipation, sick headache, and espe-
cially for the digestive ailments of
babies and children. No baby will
refuse **DR. CALDWELL'S SYRUP**
because, as it is very pleasant to take,
and, unlike salts and purgative drugs,
tablets and pills, it acts naturally and
does not gripe. A bottle can be bought at
any drug store for 50 cents or \$1.00, and
one bottle is sufficient to keep an entire
family in good health for a long time.

Those who have never yet used **DR. CALDWELL'S SYRUP** PEPIN and would like to
make a test of it before buying in the regular
way from their druggist, can obtain a FREE
SAMPLE BOTTLE either for themselves or
any member of their family by sending us a
note and address to the doctor. The sample will be
sent to you home free of charge. In this way
you can find out what it will do without cost.
Also, if the case presents difficulties that do-
ctors and other remedies seem unable to over-
come, write a letter to Dr. Caldwell explain-
ing how the person suffers and he will give you his
best MEDICAL ADVICE
based on half a century of
experience in stomach,
liver and bowel diseases,
without charge. Women
who have children should
send for "SUMMER DIAR-
RHEA CURE TO WOMEN

tor's advice on the subject
of the mother's health,
a very important subject.

FOWLER FIERCELY ATTACKS CANNON

Jersey Representative Charges Conspiracy to Rule Congress.

"MALICE IN EVERY ACTION"

Declares "Uncle Joe" is in a Plot With Senator Aldrich to Control Legislation—Charges Speaker With Favoritism, Conceit and Putrid Preferences.

Elizabeth, N. J., Aug. 24.—One of the most sensational attacks made by a responsible authority upon a public man in the United States in modern times is contained in an open letter addressed to Speaker Joseph G. Cannon by Representative Charles N. Fowler, of this city.

Representative Fowler boldly charges the existence of a conspiracy between the speaker of the house and Senator Nelson W. Aldrich, of Rhode Island, for the purpose of controlling all important national legislation and of defeating both tariff reform and currency reform.

For several years the New Jersey congressman was chairman of the house committee on banking and currency. At the close of the recent special session Speaker Cannon declined to reappoint Mr. Fowler to that important chairmanship. Such action is almost unprecedented.

Despairing of securing what he believes is necessary legislation for the reform of the currency and banking laws of the country as long as the house is under the control of the present rules as interpreted by Speaker Cannon, Mr. Fowler announced himself as a candidate for speaker at the opening of the special session. He explains that he did this, not in the expectation of being elected, but solely for the purpose of bringing squarely before the people the issue of genuine currency and banking reform as distinguished from the legislative program on that question agreed to by Aldrich and Cannon. This conduct made Mr. Fowler an "insurgent" in the eyes of "Uncle Joe."

Defends His Course.

Referring to his course in that respect Representative Fowler says in his letter to the speaker:

"Do you suppose, sir, that I did not appreciate fully the probable consequences of my act when I undertook to play my part in securing this reform?"

"Do you suppose that I was not aware of your ignorance, prejudice, inordinate conceit, favoritism, putrid preferences, and that like all such characters possessing absolute power, malice is the mainspring of your every action under such circumstances?"

After reciting from the official records the speaker's support of unsound money measures in congress up to the present time, Mr. Fowler reminded Mr. Cannon of the latter's opposition to remedial legislation proposed by the New Jersey man to avert the panic of 1907. He reminds him of how he was pleaded with to permit consideration of the bill prepared by Fowler with the assistance of fifteen of the greatest bankers in the country, and recites this:

"You literally hooted the idea of a panic and inquired: 'What does this howling in Wall street amount to? The country don't care what happens to those speculators. Everything is all right out west and around Danville. The country don't need any legislation. Then I don't take any stock in your asset currency.'"

Asks About Conspiracy.

Mr. Fowler adds: "As usual, your ignorance and prejudice were all sufficient then. But the panic came, and every man who had any intelligence upon the subject knew it would."

"Now, sir, mark this—the bill prepared by these representative bankers, which met only with your sneers and contempt, and known as the 'bankers' bill,' provided for about \$250,000,000 of credit currency called in that bill 'national bank guaranteed credit notes.'"

"If that bill had been upon the statute books when the pressure came there would have been no general suspension of banks throughout the country, no general breaking down of the exchanges, as all the banks could have more than met the demand for currency."

After accusing Speaker Cannon of deliberately conspiring with Senator Aldrich to pack the conference committee on the tariff bill against the house bill, Mr. Fowler adds:

"I have gone into these details to lay bare your miserable, contemptible false pretense and to expose your duplicity, treachery and perfidy to that legislative body over which you preside, whose will you were bound to defend and not destroy."

"Is it possible that you, the Republican speaker of the house of representatives, and Senator Aldrich, chairman of the finance committee of the senate, entered into a conspiracy to secure the adoption of the senate bill in general and the highest rates in both bills throughout for the purpose of discrediting the president by repudiating his pledges and the platform of the Republican party?"

"Taking all the facts as they appear in the case, from start to finish, a lawyer, an intelligent criminal lawyer, would say that it looked like a con-

spracy. You seem to have measured the conditions with accuracy and to have calculated the distances to the various points of agreement carefully, and you seemed to be almost upon the point of consummating your undertaking when the great unknown factor became the determining force.

"Though this scheme failed, it exhibits 'Cannonism' in its highest and most perfect development."

"I challenge you to cite in all our political history a more dishonorable and disreputable piece of business unless, perhaps, you cite something in your own career of which the people are not yet advised."

CALLS NEW YORK A BLOT ON THE NATION

Ex-Governor Glenn, of North Carolina, Assails Conduct in Cities.

Chautauque, N. Y., Aug. 24.—Declaring he had seen sights in the streets of both New York and Chicago so unspeakably vile that if he were to describe them the men in the audience would pull him from the platform and trample him under their feet for daring to tell it before their wives, ex-Governor R. B. Glenn, of North Carolina, asserted here that the wrath of the almighty will descend on the land in some ruinous calamity if the great cities do not mend their ways.

"The great cities of the land are snapping their fingers in the face of the almighty," he said.

"The sins of Chicago are crying aloud unto the heavens. It is a disgrace to civilization."

"New York is a blot upon the map of our fair country."

"The people of our country are pure, God-fearing and pious, but in the cities the one evil of Sabbath desecration will prove the ruin of the nation unless it is checked. It is Sabbath desecration that is at the base of our vice and crime, for the man who will violate the Sabbath is lawless, the man who is lawless is irreverent to the deity, the man who is irreverent to the deity has lost his conscience, the man who has lost his conscience will disregard the rights of his fellows, and mob law, vice and crime will result."

"Look at France, which was once a world power and began its downward journey with the abolition of the Sabbath. Look at the fate of Portugal, once so great and now unimportant. It has not respected the Sabbath. Look at Mexico with its Sunday bull fights and its insignificance."

ELECTRIC TRAIN KILLS TWO

Women Met Death While Walking to Station at Westville, N. J.

Camden, N. J., Aug. 24.—Mrs. Jane Frazier, aged forty years, of Westville, N. J., and Miss Griswell, aged twenty years, of Philadelphia, were struck and instantly killed by an electric train bound for Atlantic City at Westville. Miss Griswell had been visiting Mrs. Frazier and the two women were walking to the station when the train hit them at a crossing.

Use Engines to Plow.

Kansas City, Aug. 24.—Because farm labor is so scarce in Kansas the farmers of large tracts of land there have adopted gasoline traction engines to pull their plows. The plows are run in gangs of from ten to twenty-four, and two men on an engine and two on a gang plow can do the work of about twenty ordinary laborers.

Fear of Rats Killed Her.

New York, Aug. 24.—Fear of rats and mice and the belief that her pet cat was chasing them toward her killed Mrs. Sarah Nagler, aged sixty-two, of East New York, for in her efforts to escape an imaginary peril Mrs. Nagler fell out of a third-story window.

Gas Works Explosion Kills Seven.

Geneva, Switzerland, Aug. 24.—Seven persons were killed and twelve dangerously injured by an explosion at the city gas works. The explosion occurred in the purifying chamber between the two principal gasometers.

Six Killed in Feud Fight.

El Paso, Tex., Aug. 24.—In a feud fight between laborers employed on the farms around Juuquilla and those near Santa Rosa six men were killed and ten seriously injured.

MORE TROOPS SENT TO RIOT

State Constabulary at McKees Rocks Reinforced.

THE DEATH LIST GROWING

Seven Are Dead and Seven Fatally Wounded—Strikers Kept From the Streets—Scores Under Arrest—All Weapons Being Confiscated and Search Being Made For Dynamite.

Pittsburg, Aug. 24.—News from the strike zone at the plant of the Pressed Steel Car company, in McKees Rocks, comes like the calm after a storm. With the exception of a clubbing administered to a physician who loitered longer than the state troopers thought wise, there was no violence of any sort on the scene of Sunday night's wild disorders.

The streets of McKees Rocks are absolutely deserted save for a few mounted state troopers who, with carbines unslung and riot maces drawn, walk their horses along sidewalks, inspecting houses and stores for crowds of strike sympathizers.

Twenty-seven Under Charges.

Information against twenty-seven prisoners now detained in the box car jails, charging them with aggravated assault and battery, carrying concealed weapons and inciting a riot, were made by the state constabulary. Several score of others are in custody for participation in Sunday night's disorders.

A house-to-house canvass is in progress. All weapons are being confiscated by the troopers, while a rigid search is being made for dynamite, a large quantity of which is reported to be in the possession of the strikers.

The death list resulting from the rioting was increased to six, though four men's lives hang by a thread in McKees Rocks hospitals. As near as official records can be compiled the dead and wounded are as follows:

The Dead.

Deputy Sheriff Harry Exler, beaten and stabbed to death.

Trooper John L. Williams, of the state constabulary, home in Pueblo, Colo., shot dead.

Unknown striker, check No. 778, shot dead.

George Millhouse, single, striker; died from bullet in lung.

Adam Gumbert, Schoenerville; shot four times.

Trooper John C. Smith, twenty-one years old, of Centralia, Pa., shot in left side.

Mike Desorki, striker, shot in lungs and abdomen.

Probably Fatally Wounded.

Trooper Patrick O'Donnell, of Northampton, Mass., shot through the body.

Trooper Lucien Jones, of Morgantown, W. Va., shot in side and badly stabbed.

Adolph Stahl, striker, shot through the left lung.

Hike Tysowski, striker, Schoenerville, shot three times.

George Hershka, employe of Star Enamel company, shot through back.

Unknown woman, shot in back; will die.

Unknown Polish boy, shot with rifle.

Lesser Wounded.

Trooper George M. Kitch, of Columbia, Pa., beaten and stabbed in resisting attack of mob; sent to Mercy hospital.

Frank Hamet, striker, shot in the shoulder and elbow; taken to Ohio Valley hospital.

Mike Kurshinski, striker, slight bullet wound in head; taken home.

Unknown Russian, striker, shot through temple; taken away by the strikers.

John Suter, striker, slight flesh wound in arm.

Frank Nemath, striker, clubbed in riot.

Additional constabulary have left Punxsutawney and Wilkes-Barre and will augment the face of state troopers now at the car plant under command of Captain Marsh. Sheriff Gumbert, of Allegheny county, has sworn in fifty additional deputy sheriffs in anticipation of renewed rioting. It is not unlikely that the state militia from the eastern part of Pennsylvania will be ordered to Pittsburg within the next twenty-four hours if conditions warrant.

Expert Shot Ends Own Life With Gun.

Girardville, Pa., Aug. 24.—Using his "pet" gun, the one that had won for him many live bird shooting matches and thousands of dollars, James Green proprietor of a cafe here, blew out his brains. Failing health is believed to have unhinged his mind.

Says Sparrows Spread Scale.

York, Pa., Aug. 24.—State Orchard Inspector Ernest Pierce, who has been inspecting orchards in York county, says that much harm is being done as a result of the spreading of the San Jose scale by English sparrows.

Shattered Spine While Diving.

Rochester, N. Y., Aug. 24.—Jose Cada shattered his spine while diving into Lake Ontario at Sea Breeze and is dying paralyzed. He struck a rock covered with only a foot of water.

The Weather.

Forecast for this section: Fair today and tomorrow; light to moderate west winds.

Real Estate for Sale TOWN PROPERTY and FARMS

A lot with a comparatively new house, containing all modern improvements located on "springs avenue."

A large up to date flour and feed mill located one half mile from Harney Md.

I have more than twenty farms, some large and some small in various parts of the county that I will sell on easy terms. For instance, I will sell one farm of 126 acres to any person desiring it at \$200 cash and leave the balance \$2700 remain as a lien on easy payment and at a low rate of interest.

Remember you can purchase from me at a figure just as low as if you purchased directly from the owner. I act only as the go between the parties. Both the seller and the buyer will tell me the things that they would not tell each other. I just learn what each side means to do and then proceed to reconcile the differences. Remember I am not dealing in property for speculative purposes. I have property to sell because the owners find it expedient to sell.

There is more Catarrh in this section of the country than all other diseases put together and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

ITCHING IRRITATION
Worst Forms of Skin Trouble Quickly Cured by Inexpensive Treatment.

When you suffer with any skin trouble, even though the itching seems unbearable, do not think that it is necessary to use some disgusting greasy ointment. Try Hokara, a pure and simple skin food, that is guaranteed to contain no grease or acids and which is so clearly that it does not soil the linen.

Its power to instantly relieve any irritation of the skin and make it soft, white and beautiful is almost miraculous.

Not only are minor skin troubles, like pimples, blackheads, acne, barber's itch etc., quickly cured, but the worst ulcers or cases of salt rheum or eczema are cleansed and healed by this wonderful skin food.

In order that any one may try Hokara at small expense L. M. Buehler is selling a liberal sized jar at 25c. and in addition guarantees to refund the money if the treatment does not do all that is claimed for it. Larger size 50 cents.

HE WAS INDIGNANT.

A Business Transaction That Made the Old Man Bristle.

A general merchant in a good sized country town was waiting upon an aged farmer in his store when the old man pointed to a quartet of ice cream freezers.

"What are they?" he asked. "Ice cream freezers," explained the merchant. "Want one? They're only \$2."

"Ice cream freezers," mused the old man. "They freeze milk, don't they? Will they freeze anything?"

"Sure," said the storekeeper. "Freeze water?" asked the old man, interested.

"Freeze anything liquid," said the storekeeper, laughing. The old man paid for one of the freezers and drove away.

Three days later he returned. His beard was bristling with indignation, and he eyed the merchant fiercely. "You're a robber!" he said.

The merchant gasped. "You told me that thing would freeze water," went on the old man indignantly, "and I took it home to freeze some water and make me some ice, and my nephew said you had to put ice in it before it would freeze anything. Gimme my \$2."

The merchant weakly handed him \$2, and the old man strode out and hasn't bought anything else at the store since.

LOOK BEAUTIFUL

By All Reasonable Means, Try to Obtain Beauty. The Secret Told.

It is perfectly legitimate for anyone—man or woman—to desire and by all sane means to try to obtain beauty. Beauty of face is easily the chief part of human beauty, and the main factor in that is a "good complexion."

The secret of a good complexion, and that means beauty of face, is told in this phrase from the writings of a prominent skin specialist, "every particle of color in the complexion comes from the blood." And this explains the great success of Margo, the new European discovery that is so popular with the reigning beauties abroad. It is in tablet form, and seems to contain every element that is needed to make a fair, rosy complexion, free from pimples, blackheads, blotches and sallowness. L. M. Buehler has the local agency, and a liberal test package can be obtained for 50c. with the understanding that if it does not give the desired benefit the money will be refunded. We advise every woman who wants a good complexion and youthful looking skin to try it.

Chickens a Money Gringer.

The chicken is universal, a money bringer of more or less amount upon every farm, and no other staple is so. A farm may have no grain to sell, but it is sure to sell in the year some chickens and eggs. There are no farms where there are no chickens and

THE SURE THING ON THE FARM.

money return from them. The universality of the chicken on farms gives the business, incidental as it is in each particular case, the first place as a money getter. The sum of infinite small units against the finite and limited larger ones gives the excess to the poultry returns in Missouri.

Odd again is it that this industry, so large and vast, is conducted so easily and quietly. There is no sweat, no strain, no worry over chickens. The industry seems to care for itself and cares extremely well. Men of the farms look slightly upon it as a woman's affair, unworthy of a grown man's serious attention, and it is attended to almost exclusively by the women and children, while the money return is woman's money to spend as she sees fit, independent of that for support and maintenance furnished as duty calls by the lord and master from sources under his direction, man's work. That the chicken money, the woman's money, is big as it is speaks the story for the hen and the house wife. They outdo the male and any thing of his except in the ability to crow.

'KAPTIN KIDDO'

The North American promises something out of the ordinary in the way of a feature for its comic section, and it will introduce it to its readers on Sunday, August 29.

The title of the new series is "The Turb'le Tales of Kaptin Kiddo." Grace G. Widesheim draws the very attractive pictures of the Kaptin's adventures and Margaret G. Hays furnishes the tales. Both are out of the ordinary and both are attractive.

The little boy in the series is the same little boy that lives in every home where there is a little boy, and that same little boy is possessed of an imagination that is always active. "Most every parent knows of a 'Kaptin Kiddo.'"
